

MAPLE GROVE BRIDGE RE-OPENING SET FOR FRIDAY, NOVEMBER 9TH!

Ohio Department of Transportation's Project Engineer anticipates the Maple Grove Bridge over I-90 will re-open late Friday, November 9th. This opening is barring any weather delays as the crew completes the work on signage and fencing. This will be a welcome sight to residents and motorists who travelled the Maple Grove area prior to its closing in June. Thanks for your patience during this closure!
